

ENVIRONMENTAL POLICY

We at Armstrong Auto Parts Sdn. Bhd have established this environmental policy to be consistent with the purpose and context of our organisation. It provides a framework for the settling and review of environmental objectives in addition to our commitment towards the following:

- Protect the environment through minimizing waste, conserve energy, conserve natural resource, including the prevention of pollution;
- To sustainable resource use and promote 3R's (Reduce, Reuse and Recycle) concept;
- Conform to applicable legislative, regulatory and compliance obligations;
- Continually improve our environmental management system and to enhance environmental performance through regular planned environmental audit;
- To undertake environmental education to increase awareness of fundamental environmental issues, including the policy among employees;

We have produced environmental objectives which relate to this policy and they can be found in document EM-04 Environmental Objectives and Management Program

This policy is communicated to all interested parties as well as being made available to the wider community through publication in our Website, Company Noticeboard and Intranet.
